Bachelor of Fine Arts in Graphic Design

Course work

- Production
- Corporate Identity
- Typography
- Web Design

EXPERIENCE

Chagrin Valley Times

May 2014 - August 2014, May 2015 - June 2017 – Intern, Page Designer

Intern at the Chagrin Valley Times, a weekly paper. I designed pages and created graphics for stories. Also redesigned the paper's overall look by choosing which typefaces go best with certain paragraph styles. The Chagrin Valley identity was also changed with the use of graphical elements to better present the paper. During my time there as a page designer, I designed the pages for the Solon Times.

Pict Partnership

June 2016 - July 2017 – Graphic Designer

Page designer for the sports master page at Avon Lake Press, North Ridgeville Press, and West Life. I'm in charge of making sure the pages are designed well, print ready, and putting in the right ads according to the client's needs. I also help design or update ads for the paper whenever a client requests it.

Amerimark Direct

June 2017 - December 2017 – Intern

Intern at Amerimark Direct as a graphic designer, working with the creative services department to design catalogues, mainly working on Windsor, a catalog that sells accessories. Using my skills with InDesign, typography, and page layout I was able to design spreads for Windsor.

Act 3

2016 - 2017 – Freelancer

As a freelancer I've assisted in editing digital books for thinkMoney using XML.

University Tees

January 2018 - Present – Graphic Designer

Take client requests to design shirts based on their descriptions while proofing Illustrator files to prepare them for print.
